*Run to Glory and Profits* David George Surdam, 2020-04-01 The National Football League has long reigned as America's favorite professional sports league. In its early days, however, it was anything but a dominant sports industry, barely surviving World War II. Its rise began after the war, and the 1950s was a pivotal decade for the league. *Run to Glory and Profits* tells the economic story of how in one decade the NFL transformed from having a modest following in the Northeast to surpassing baseball as this country's most popular sport. To break from the margins of the sports landscape, pro football brought innovation, action, skill, and episodic suspense on any given Sunday. These factors in turn drove attendance and rising revenues. Team owners were quick to embrace television as a new medium to put the league in front of a national audience. Based on primary documents, David George Surdam provides an economic analysis in telling the business story behind the NFL's rise to popularity. Did the league's vaunted competitive balance in the decade result from its more generous revenue sharing and its reverse order draft? How did the league combat rival leagues such as the All America Football Conference and the American Football League? Although strife between owners and players developed quickly, pro football fans stayed loyal because the product itself remained so good.

*Sport Law* Anita M. Moorman, 2017-07-05 *Sport Law: A Managerial Approach*, third edition, merges law and sport management in a way that is accessible and straightforward. Its organization continues to revolve around management functions rather than legal theory. Concise explanations coupled with relevant industry examples and cases give readers just enough legal doctrine to understand the important concepts that apply to each area. This book will help prepare students as they get ready to assume a broad range of responsibilities in sport education or recreation. Whether readers work as coaches or teachers, administer professional programs, manage fitness health clubs, or assume roles in a high school, college, Olympic, or professional sport organization, legal concerns will inevitably be woven into their managerial concerns. This book provides knowledge of the law that helps create a competitive advantage and build a more efficient and successful operation that better serves the needs of its constituents.

**Special Features of the Book:** Managerial context tables, Chapter opening exhibits, act as organizational and study tools identifying managerial contexts in relation to major legal issues, relevant law, and illustrative cases for the chapter. Case opinions focus on cases and hypothetical cases. Legal opinions, both excerpted case opinions and summarized focus cases, illustrate relevant legal points and help readers understand the interplay between fact and legal theory. The cases include questions for discussion, and the instructor's manual provides guidance for the discussion. Hypothetical cases further highlight topics of interest and include discussion questions to facilitate understanding of the material. Analysis and possible responses appear at the end of the chapter. Competitive advantage strategies, highlighted focused strategies based on discussions in the text, help readers understand how to use the law to make sound operational decisions and will assist them in working effectively with legal counsel. Discussion questions, learning activities, and case

studies Thoughtful and thought provoking questions and activities emphasize important concepts they help instructors teach and readers review the material Creative case studies stimulate readers as future sport or recreation managers to analyze situations involving a legal issue presented in the chapter Annotated websites Each chapter includes a collection of web resources to help readers explore topics further Accompanying the web addresses are brief descriptions pointing out key links and the sites benefits Bookmarking these sites will help readers in future research or throughout their careers [Flint Telephone Directories](#) ,1991
