previous author had begun Traditionally S L MacGregor Mathers is credited as the translator of this edition and Crowley is given the title of editor Scholars believe these books of Solomon and their many iterations derive from the ancient practices of Jewish Kabbalah and Arab Alchemy After time it is thought Greek and Roman influences were added until finally the work was used and molded by high Renaissance magicians This book as well as other King Solomon books such as the Magical Treatise of King Solomon and the Testament of Solomon were brought back to modern times through the labors of occult practitioners such as S L MacGregor Mathers Aleister Crowley and others around the turn of the last century
