Socioeconomic Aspects of Urban and Peri-urban Agriculture Ishtiag Faroug Abdalla,2012

Entrepreneurship and Innovation in Japanese Agriculture Akira Kiminami,2019-08-14 This is the first book to comprehensively analyze key issues regarding innovation entrepreneurship and human resource development in the Japanese agricultural sector Despite the fact that innovation and entrepreneurship are vital to the development of modern Japanese agriculture there have been comparatively

few studies in this field in addition they have been virtually none on measures for developing entrepreneurial human resources or innovation in agriculture The agricultural sector's declining competitiveness and sustainability as an industry in Japan are serious concerns especially in combination with an aging labor force and decreasing farmland To date Japanese agricultural policies have largely concentrated on accumulating farmland and securing a sufficient agricultural labor force However from the perspectives of industrial and regional development policies focusing on creating innovation the driving force of economic development have been recognized as being more effective Moreover there have been some recent developments concerning innovation and entrepreneurship in various regions of Japan This book provides a wealth of significant findings from studies on successful cases involving e.g. agricultural clusters agriculture commerce industry collaborations networking franchising and corporate entry induced innovation utilizing limited regional resources and how they have contributed to the development of each region The interrelationships between innovation entrepreneurship and human resource development are then clarified and effective policies to promote Japanese agriculture and rural areas are suggested Given its scope the book contributes to the advancement not only of farm management science but also of regional science and related fields

The Agricultural Notebook Richard J. Soffe, Matt Lobley, 2021-01-28 Offers a complete update and revision to the manual for agriculture geography and rural studies The 21st edition of the quintessential reference book on agriculture is filled with updated and new material that provides those in the farming profession with everything they need to know about today's agricultural industry Filled with contributions from top experts in the field it provides not only the scientific explanations behind agriculture but also a range of further reading The Agricultural Notebook 21st Edition features new chapters that address wildlife the fundamentals of agricultural production and the modern techniques critical to the industry It offers new chapters on sheep goats ruminant nutrition monogastric nutrition and resource management It also takes a more in depth approach to plant nutrition and greater attention to environmental elements Other topics covered include soil management animal welfare crop physiology farm woodland management farm machinery and more Reflects recent changes in the world of agriculture farming and the rural environment Features a new chapter on Resource Management Offers separate chapters on goats sheep and applied nutrition Every chapter is revised by experts in their subject area The Agricultural Notebook is an essential purchase for all students of agriculture countryside and rural studies It will also greatly benefit farmers land agents agricultural scientists advisers and suppliers to the agriculture industry
