41. The theorist's views regarding the person, environment, health, and nursing itself
42. Be very organized, make notes (do not trust your memory); prioritize care
43. You have many other choices to make and goals to set for yourself after you become a nurse. For example, you will decide on a practice setting, perhaps a specialization, and how you will continue your education.
44. The licensed practical/vocational nurse (LPN/LVN) education programs last from 9 months to 1 year full-time; the associate degree nurse (ADN) education program lasts for a minimum of 2 years and includes basic general education courses. The licensure examination for the LPN/LVN is the NCLEX-PN, and the licensure examination for the ADN is NCLEX-RN.
45. You will expect to rotate through many areas of nursing care, but you will not specialize in obstetrics until you are out of school and licensed as a nurse.
46. To stay current in nursing, many aspects of nursing care change frequently.
47. Nursing is an art because it requires caring, creativity, communication, and compassion to connect with patients in a meaningful way. Nursing is a science because of the necessity of analyzing and integrating data, making decisions, and monitoring patients with technology.
48. Able to communicate clearly and well; takes responsibility for own behavior, including errors; sees self as a professional and acts in a professional manner
49. Although other health-care professionals come in and out of patients' lives with short-term contact, nurses are the 24/7 caregivers, giving them opportunities to develop relationships with patients. These relationships allow nurses to teach healthier lifestyles, when and how to take medications, negative side effects to watch for, and when to notify the physician.
50. Answers will vary but should include information about the nurse not just simply doing things the way they have always been done, but instead keeping up with research that shows the most effective way to provide care. It should include the concept that nurses should think about procedures and care, and question them if they do not follow best practices, going through the proper channels at their facilities.
