*The Spirit of Early Christian Thought* Robert Louis Wilken, 2003-01-01 Focusing on major figures such as St Augustine and Gregory of Nyssa as well as a host of less well known thinkers Robert Wilken the author of *The First Thousand Years A Global History of Christianity* chronicles the emergence of a specifically Christian intellectual tradition He provides an introduction to early Christian thought on topics including early Christian worship Christian poetry and the spiritual life the Trinity Christ the Bible and icons and shows that the energy and vitality of early Christianity arose from within the life of the Church While early Christian thinkers drew on the philosophical and rhetorical traditions of the ancient world it was the versatile vocabulary of the Bible that loosened their tongues and minds and allowed them to construct the world anew intellectually and spiritually These thinkers were not seeking to invent a world of ideas Wilken shows but rather to win the hearts of men and women and to change their lives Early Christian thinkers set in place a foundation that has endured Their writings are an irreplaceable inheritance and Wilken shows that they can still be heard as living voices within contemporary culture

**Inventing the Individual** Larry Siedentop, 2014-10-20 Here in a grand narrative spanning 1 800 years of European history a distinguished political philosopher firmly rejects Western liberalism's usual account of itself its emergence in opposition to religion in the early modern era Larry Siedentop argues instead that liberal thought is in its underlying assumptions the offspring of the Church It is a magnificent work of intellectual psychological and spiritual history It is hard to decide which is more remarkable the breadth of learning displayed on almost every page the infectious enthusiasm that suffuses the whole book the riveting originality of the central argument or the emotional power and force with which it is deployed David Marquand *New Republic* Larry Siedentop has written a philosophical history in the spirit of Voltaire Condorcet Hegel and Guizot At a time when we on the left need to be stirred from our dogmatic slumbers *Inventing the Individual* is a reminder of some core values that are pretty widely shared James Miller *The Nation* In this learned subtle enjoyable and digestible work Siedentop has offered back to us a proper version of ourselves He has explained us to ourselves A magisterial timeless yet timely work Douglas Murray *The Spectator* Like the best books *Inventing the Individual* both teaches you something new and makes you want to argue with it Kenan Malik *The Independent*

**Work and Worship** Matthew Kaemingk, Cory B. Willson, 2020-11-17 The modern chasm between secular work and sacred worship has had a devastating impact on Western Christianity Drawing on years of research ministry and leadership experience Kaemingk and Willson explain why Sunday morning worship and Monday morning work desperately need to inform and impact one another Together they engage in a rich biblical theological and historical exploration of the deep and life giving connections between labor and liturgy In so doing Kaemingk and Willson offer new ways in which Christian communities can live seamless lives of work and worship
