## **Future Dmitry Glukhovsky:**

*Futu. Re* Dmitry Glukhovsky, 2015-10-05 A worthy successor to 1984 and Brave New World PLAYBOY What would I do for eternal life Discoveries made within our lifetime will allow people to remain young forever There is no more death Our children will never die Welcome to a world inhabited by people who are perfectly healthy beautiful and eternally young Every utopia has its shadowy backstreets Someone has to make sure that overpopulation doesn't bring the wonderful world of the future crashing down Someone has to make people forget their animal instincts and live in a fitting way for immortals Maybe that someone is me The utopia **FUTURE** is the first novel after five years silence from Dmitry Glukhovsky author of the cult novel **METRO 2033** The author's books have been translated into dozens of foreign languages selling in millions of copies and have been adapted for the big screen in Hollywood but none of them will grip you like **FUTURE** [Metro 2035](#) Dmitry Glukhovsky, 2026-04-09 **A BRIGHTER PAST A DARKER FUTURE** The year is 2035 It's been twenty years since World War Three wiped out humankind The only survivors were those who made it through the gates of the Metro the subway system of Moscow city It's there hundreds of feet below the ground that they try to outlive the end of the days But the Metro's citizens torn apart by religions and ideologies are fighting for the now scarce commodities air water and space Artyom is no stranger to the Metro Driven by a desire to lead his people out from the depths and into the light he relentlessly searches for signs of life on the surface And he will stop at nothing be the saviour that humanity needs **Metro 2035** by Dmitry Glukhovsky is the final thrilling book in the Metro trilogy a series that inspired the bestselling computer games **Metro 2033** **Metro Last Light** and **Metro Exodus** **Toxic Immanence** Livia Monnet, 2022-09-15 More than a decade after the Fukushima Daiichi nuclear disaster what we are witnessing is not a Second Nuclear Age there is no post atomic but an uncanny quiet return of the nuclear threat that so vividly animated the Cold War era The renewed threat of nuclear proliferation public complacency regarding weapons stockpiles and the lack of a single functioning long term repository after seventy years and thousands of tonnes of nuclear waste reveals the industry's capacity for self reinvention abetted by an ever present capacity to forget More than fabulously textual as Jacques Derrida described it the protean unbound and unending materiality of the nuclear is here to stay resistance is crucial **Toxic Immanence** introduces contemporary interdisciplinary perspectives that resist and decolonize the nuclear Contributors highlight the prevalence and irrationality of slow violence and colonial governance as elements of the contemporary nuclear age They propose a reappraisal of Cold War era anti nuclear art as well as pop culture representations of nuclear disaster while decolonizing pedagogies advance the role of education in communicating and understanding the lethality of nuclear complexes Collectively the essays develop a robust critical discourse across fields of nuclear knowledge and integrate the work of the nuclear humanities with environmental justice and Indigenous rights activism This reach across ways of knowing extends artistically the poetry and photography included in this volume offer visions of past and present nuclear legacies Conceived as a critical reflection on the potential of nuclear humanities **Toxic**

Immanence offers intellectual strategies for resisting and abolishing the global nuclear regime      **Duelling, the Russian Cultural Imagination, and Masculinity in Crisis** Amanda DiGioia,2020-10-12 This book written from a feminist perspective uses the focus of duelling to discuss the nature of masculinity in Russia It traces the development of duelling and masculinity historically from the time of Peter the Great onwards considers how duelling and masculinity have been represented in both literature and film and assesses the high emphasis given in Soviet times to gender equality arguing that this was a failed experiment that ran counter to Russian tradition It examines how duelling continues to be a feature of life in contemporary Russia and relates the situation in Russia to wider scholarship on the nature of masculinity more generally Overall the book contends that Russia's valuing of a strong militaristic form of masculinity is a major problem      **Metro 2033** Dmitrii Glukhovskii,2011 This translation originally copyrighted in 2009      **Russian Literature since 1991** Evgeny Dobrenko,Mark Lipovetsky,2015-11-12 Russian Literature since 1991 is the first comprehensive single volume compendium of modern scholarship on post Soviet Russian literature The volume encompasses broad complex and diverse sources of literary material from ideological and historical novels to experimental prose and poetry from nonfiction to drama Written by an international team of leading experts on contemporary Russian literature and culture it presents a broad panorama of genres in post Soviet literature such as postmodernism magical historicism hyper naturalism in drama and the new lyricism At the same time it offers close readings of the most prominent works published in Russia since the end of the Soviet regime and elimination of censorship The collection highlights the interdisciplinary context of twenty first century Russian literature and can be widely used both for research and teaching by specialists in and beyond Russian studies including those in post Cold War and post communist world history literary theory comparative literature and cultural studies      *Russian Life* ,2008

*Metro 2033* Dmitry Glukhovsky,2025-09-25 Now including a new translation this is a chilling piece of Russian dystopian fiction and the basis of three bestselling computer games Metro 2033 and Metro Last Light and Metro Exodus The year is 2033 The world has been reduced to rubble Humanity is nearly extinct The half destroyed cities have become uninhabitable through radiation Beyond their boundaries they say lie endless burned out deserts and the remains of splintered forests Survivors still remember the past greatness of humankind But the last remains of civilisation have already become a distant memory the stuff of myth and legend More than 20 years have passed since the last plane took off from the earth Rusted railways lead into emptiness The ether is void and the airwaves echo to a soulless howling where previously the frequencies were full of news from Tokyo New York Buenos Aires Man has handed over stewardship of the earth to new life forms Mutated by radiation they are better adapted to the new world Man's time is over A few score thousand survivors live on not knowing whether they are the only ones left on earth They live in the Moscow Metro the biggest air raid shelter ever built It is humanity's last refuge Stations have become mini statelets their people uniting around ideas religions water filters or the simple need to repulse an enemy incursion It is a world without a tomorrow with no room for dreams plans hopes Feelings

have given way to instinct the most important of which is survival Survival at any price VDNKh is the northernmost inhabited station on its line It was one of the Metro s best stations and still remains secure But now a new and terrible threat has appeared Artyom a young man living in VDNKh is given the task of penetrating to the heart of the Metro to the legendary Polis to alert everyone to the awful danger and to get help He holds the future of his native station in his hands the whole Metro and maybe the whole of humanity Readers are hooked on Metro 2033 The Russians have a skill in writing apocalyptic nightmarish stories Goodreads reviewer It is the best post apocalyptic sci fi I have ever read Goodreads reviewer Those Russians know how to write dystopian post apocalyptic creepy horror a fantastic immersive read Goodreads reviewer

Contemporary Slavic horror across media Agnieszka Jezyk,2025-06-17 In the Western cultural production that puts individual or collective fear at its center East Central Europe has been portrayed as an othered space of horror lawless frightening zones where anything can happen Incorporating articles on literature film visual arts video games music videos and music festivals Contemporary Slavic horror across media is a pioneering edited collection devoted to Slavic horror fiction The volume focuses on works from the mid 20th century through the present particularly the post Soviet period Assessing current trends in Czech Polish Russian Slovak Ukrainian and East Central European horror media the chapters look at similarities and idiosyncrasies of the genre in its Slavic variant The book aims to tame the Easterner Other and start exorcising monstrous East Central Europe

**Inside Russian Politics** Edwin Bacon,2017-09-26 Inside Russian Politics is an intelligent critical and engaging account of the realities of contemporary Russian politics It is distinctive in widening our view of Russia beyond the standard account of global power plays and resurgent authoritarian menace Putin matters but he is not Russia Russian military adventurism has had a major effect on contemporary international affairs but assessing its aims and projecting future intentions and impacts requires analysis within a context deeper than the stock Cold War renewed story The holistic approach of this book facilitates our understanding of power politics in and beyond the Kremlin and of Russian policy on the international stage Revealing the Russia beyond Moscow and the central figures around Putin Edwin Bacon focuses on Russia s political present not to ignore the past but to move beyond clich and misleading historical analogy to reveal the contemporary and future concerns of Russia s current generation of politicians

Unstuck in Time Eliot Borenstein,2024-11-15 Today s Russia Unstuck in Time suggests is a nation of time travelers living either in memories of the Great Patriotic War and a society that provided for all its citizens or in an alternative future in which the USSR never collapsed Eliot Borenstein examines the ways in which films fiction television social media political parties and even theme parks use the conventions of time travel and alternate history to fantasize about narratives that are more appealing than the post Soviet present Unstuck in Time explores the centrality of an uncannily persistent USSR in the post Soviet cultural imagination through deeply engaged and entertaining readings of an impressive array of texts fantasies in which characters time crash into the Soviet past fictions of triumphant far future Soviet societies and real life enterprises feeding the belief

that the Soviet Union never ended Whether channeled into benign nostalgia or dangerous mythmaking the cases that Borenstein analyzes reveal the extent to which the psychic shock of the end of the Soviet Union left Russians adrift caught between a past many still long for and a future few can imagine Russian Life ,2008 **Futu.re** Dmitry Glukhovsky,2014  
**UNTITLED GLUKHOVSKY 3 OF 3** DMITRY. GLUKHOVSKY,2015 *UNTITLED GLUKHOVSKY 2 OF 3* DMITRY. GLUKHOVSKY,2015 *Delovie Lyudi* ,1993 **The Official Xbox Magazine** ,2009 **Soviet Metro Stations** Owen Hatherley,2019 Stunning photographs of Soviet Metro Stations from across the former states of the USSR and Russia itself many of which have never previously been documented For us said Nikita Khrushchev in his memoirs there was something supernatural about the Metro Visiting any of the dozen or so Metro networks built across the Soviet Union between the 1930s and 1980s it is easy to see why Rather than the straightforward systems of London Paris or New York these networks were used as a propaganda artwork a fusion of sculpture architecture and art combining Byzantine medieval baroque and Constructivist ideas and infusing them with the notion that Communism would mean a communal luxury for all Today these astonishing spaces remain the closest realisation of a Soviet utopia Following his best selling quest for Soviet Bus Stops Christopher Herwig has completed a subterranean expedition photographing the stations of each Metro network of the former USSR From extreme marble and chandelier opulence to brutal futuristic minimalist glory Soviet Metro Stations documents this wealth of diverse architecture Along the way Herwig captures individual elements that make up this singular Soviet experience neon concrete escalators signage mosaics and relief sculptures all combine build an unforgettably vivid map of the Soviet Metro The photographs are introduced by leading architecture politics and culture author and journalist Owen Hatherley *Business in the Ex-USSR.* ,1993 *Metro 2035* Dmitrij Alekseevič Gluhovskij,2016

Getting the books **Future Dmitry Glukhovsky** now is not type of inspiring means. You could not on your own going behind book stock or library or borrowing from your connections to retrieve them. This is an agreed simple means to specifically get lead by on-line. This online pronouncement Future Dmitry Glukhovsky can be one of the options to accompany you following having additional time.

It will not waste your time. take me, the e-book will enormously announce you new event to read. Just invest little mature to contact this on-line revelation **Future Dmitry Glukhovsky** as skillfully as evaluation them wherever you are now.
