Featuring a team of contributors at the top of their profession both in practice and academia, these papers have been carefully coordinated so as to ensure to give the reader a first-class insight into the issues surrounding international sale and carriage contracts. The book is set out in three parts. Part I offers a detailed and critical analysis on emerging issues and unresolved questions in international sales and the carriage contracts affected to facilitate such sales. Part II critically and thoroughly analyses the legal issues that often arise in the context of security over goods, letters of credit and similar documents. Part III is dedicated to a critical and up-to-date discussion on matters concerning cargo insurance in this context.
