for growth and development particular in a western context But does recent use of the word risk reducing the wide range of meanings of discipleship to something less rich and inclusive than is warranted With contributions from an array of leading thinkers scholars and theologians including Rachel Mann Kirsteen Kim and Anthony Reddie this book argues that there is need for more clarity precision and depth in defining what meaningfully and constructively is construed as discipleship Beginning with an overview of how the concept of discipleship has been understood in history the volume goes on to consider some of the key figures who have shaped our understanding of the concept and finally to reflect on what discipleship might look like in contemporary society

Journey of Faith for Lent Mary Shrader, 2005-08 In Journey of Faith for Lent readers take a closer look at this time of sacrifice of reconciliation and of fasting beyond themselves to see the good in every person The student workbook includes Scripture readings reflection questions and topics to discuss with friends and family members Open spaces allow for writing thoughts or for drawing images during each season The leader's guide has several faith sessions as well as a retreat experience to help young people enter fully into the expectation and the joy of the season as well as strategies for encouraging participation in parish liturgical and community life
