3 Videogames as technology **North Woods** ,1911 Crash Course in Gaming Suellen S. Adams,2013-11-25 Video games
aren t just for kids anymore This book will describe the why and how to start or expand a video gaming program in the
library including some specific examples of how to target adult and female gamer patrons Gaming supplies more than just
visual stimulation and empty entertainment it can also promote socialization as well as the learning of both traditional and
new literacies required to succeed in the modern world Problem solving multi tasking complex decision making on the fly and
reading the combination of words and graphics are vital skills for the 21st century all of which are required to play video
games Crash Course in Gaming discusses the pros and cons of gaming the types of games and game systems circulating
collections and game programs It explains how a library s video game program can and should do much more than simply
draw younger users to the library providing examples of how everyone from parents to senior citizens can benefit from a
patron oriented computer gaming program The appendices also include specific games programs review sources and sources
