Focus Pico:

Pico's Heptaplus and Biblical Hermeneutics Crofton Black,2006-10-01 This is the first full length study of the Heptaplus the commentary on the creation narrative of Genesis 1 by the celebrated Italian philosopher Giovanni Pico della Mirandola It focuses on Pico s theory of allegory This theory was fundamentally dissimilar to mainstream medieval and Renaissance approaches to biblical interpretation Rather than use the standard four senses of Scripture Pico adopted an esoteric hermeneutic stance characteristic of Neoplatonic and kabbalistic exegesis and developed an allegorical theory based on epistemology and the idea of intellectual ascent The exploration of this theme makes it possible not only to interpret the Heptaplus in relation to Pico s other works but also to assess its role as a response to the contemporary philosophical controversy surrounding the intellect

demonstrates the ways in which metaphor acts for him as that creative and radical agent of change In the process she reveals Milton s engagement at the deepest levels of linguistic creativity with the early modern commitment to an imaginative and historic remaking of the world An insightful and synthetic book *Carnal Rhetoric* will appeal to scholars of English literature Milton and the Renaissance as well as to those with an interest in the theory of affective stylistics as it pertains to reader response criticism semantics epistemology and the philosophy and psychology of language
