Geoffrey Bawa The Complete Works:

Geoffrey Bawa David G. Robson, Geoffrey Bawa, 2002 This is a definitive and comprehensive monograph on one of the 20th century's greatest architects Geoffrey Bawa whose influence has extended to garden and landscape design Region

Simon Richards, Robert Schmidt III, Cagri Sanliturk, Falli Palaiologou, 2023-07-28 This book explores how the concept of region has evolved over time and shaped architectural culture and practice It questions what the words region and regional mean for architecture cities and landscapes past and present and speculates on the forms they might take in the future Region is explored in many thematic guises as a real geographical site of evolving socio economic activity as a mythical locus of enduring value as a gatekeeper of indigenous crafts and vernacular techniques as a site of architectural and artistic imagination as a repository of contested conflicted and mobile identities The contributing chapters take these themes from the theoretical and literary page through to architectural and urban practice and from the scale of the domestic hearth through to the ocean archipelago and international law enriching the long standing trope of viewing architectural regionalism purely as a matter of style Curated into four key thematic areas Theorised Regions Contested Regions Heritage Regions and Future Regions the book incorporates the values concerns and approaches of a truly diverse international community of scholars curators and practitioners as well as the design work of international students tasked to explore what region means to them

Architecture, Power and National Identity Lawrence Vale, 2014-05-01 The first edition of *Architecture Power and National Identity* published in 1992 has become a classic winning the prestigious Spiro Kostof award for the best book in architecture and urbanism. Lawrence Vale fully has fully updated the book which focuses on the relationship between the design of national capitals across the world and the formation of national identity in modernity. Tied to this it explains the role that architecture and planning play in the forceful assertion of state power. The book is truly international in scope looking at capital cities in the United States, India, Brazil, Sri Lanka, Kuwait, Bangladesh and Papua New Guinea. *Key Houses of the Twentieth Century* Colin Davies, 2006 Featuring over 100 of the most significant and influential houses of the twentieth century. For each of the houses included there are numerous accurate scale plans showing each floor together with elevations, sections and site plans where appropriate. All of these have been specially drawn for this book and are based on the most up to date information and sources. **Bawa and Beyond** Tariq Jazeel, 2006 Address by the speaker at International Centre for Ethnic Studies. Anjalendran David Robson, 2014-01-21 This beautifully illustrated book showcases the works of one of Sri Lanka's most influential architects, Anjalendran, an ethnic Tamil and visionary artist. During the past 25 years of civil war in Sri Lanka, Anjalendran has stayed on creating architecture that has attracted interest across the entire Indian subcontinent. In *Anjalendran* David Robson explores this unique man and his uncommon vision. Anjalendran's buildings have a simple directness and although totally modern in spirit they acknowledge the rich design traditions of Sri Lanka. Whether working with ample budgets or at rock bottom cost like his SOS Children's Village orphanages, his work focuses not only on creative buildings but also on landscaping, furniture and decoration. Just as interesting as the architecture is the process by which Anjalendran works from home, never employing more than four student assistants, with no office, no secretary, no car and no cell phone. He operates without a bank account and has never signed a contract with either a client or a builder. With stunning color photographs, plan details and behind the scenes insights, Anjalendran sheds light on the works of this exceptional man. *Architecture*, 2003 *Architectural Record*, 2001 Bawa: The Sri Lanka Gardens David Robson, 2017-06-06 The story of two talented landscape designer brothers and their exquisite gardens set in the lush landscape of Sri Lanka. The work of architect Geoffrey Bawa achieved a unique fusion of vernacular style and modern construction incorporating the lush tropical landscape of his native Sri Lanka. Although his architectural work and its influence have been well documented, less attention has been paid to his work on gardens. His most famous garden is the one

he created for himself at his estate Lunuganga and it is rivaled by Brief the lesser known garden of his brother Bevis Evolving over several decades these two gardens and their outbuildings and sculptures represent high points of tropical design in which architecture and landscape are intertwined Bawa The Sri Lanka Gardens is the story of two brothers and their exquisite gardens It begins with an overview of Sri Lanka's rich horticultural tradition and the cultural background that inspired the Bawas sensitive treatment of architecture and then records the familial relationship between Geoffrey and Bevis Bawa and their distinctive individual differences and inspirations David Robson takes the reader on a tour around Brief and Lunuganga through rich photo essays and revealing descriptions while glorious images reveal the aesthetic considerations and architectural mastery of the gardens creators Landscape Australia ,2004 The Architects' Journal ,2003

Beyond Bawa David Robson,2007 Takes a look at Geoffrey Bawa's life and career and at the legacy of his influence through the work of contemporary architects working across southeast Asia *Imagining Modernity* Anoma Pieris, Social Scientists Association of Sri Lanka,2007 This book is a detailed study of the architecture of Valentine Gunasekara 1931-2017 It provides an innovative lens to understand the formation of a Ceylonese middle class which was inspired by the post independence desire for modernity Their experiments values and dynamic social history are the framework for this research Although neglected by his peers and marginalized by the prevalent discourse on vernacular regionalism Gunasekara's work poses important questions regarding the utopian ideals of the modernist project and its successes and its failures in Asia More significantly his work reveals the European and American influences that shaped the first generation of Ceylonese architects and their efforts at adapting new materials and technologies to a very different climate and culture This book documents a wide range of Gunasekara's projects including residential religious and commercial buildings arguing that they represented a nascent cosmopolitanism from below that proved to be quite antithetical to regionalist trends in architecture This e book is a re publication of an earlier edition published by Stamford Lake in 2007 **A + U, architecture and urbanism** ,2004 *Dwell* ,2008 *Book Review Index* ,2004 Every 3rd issue is a quarterly cumulation **Bawa: the Sri Lanka Gardens** David Robson,2009-03-24 Geoffrey Bawa's architectural work is well documented but less attention has been paid to his work on gardens This book focuses on his two most famous gardens Lunuganga on his own estate and the lesser known garden he fashioned for his brother Bevis Evolved over several decades the gardens and their outbuildings and sculpture represent high points of all encompassing tropical design This book begins with a largely photographic overview of Sri Lanka's natural features showing the varied palette of landscapes that inspired Bawa's sensitive treatment of architecture At the very heart of the book is an intimate portrait of two exquisitely detailed gardens and the personalities that brought them into being But it is also a story about the nature and landscape of an island of exceptional beauty As such the book has something to offer followers of Geoffrey Bawa tropical garden enthusiasts and to all those seeking a photographic portrait of Sri Lanka **The Iconic House** Dominic Bradbury,2009-10-27 The Iconic House features one hundred of the most
