Conversation in Action Edward R. Rosset, 2001-05 *Hands Down, Speak Out* Kassia Omohundro Wedekind, Christy Hermann Thompson, 2023-10-10 Math coach Kassia Omohundro Wedekind and literacy coach Christy Hermann Thompson have spent years comparing notes on how to build effective classroom communities across the content areas How they wondered can we lay the groundwork for classroom conversations that are less teacher directed and more conducive to student to student dialogue Their answers start with Hands Down Conversations an innovative discourse structure in which students ideas and voices take the lead while teachers focus on listening and facilitating In addition to classroom stories and examples Christy and Kassia provide 28 micro lessons designed to help K 5 students develop and exercise their speaking and listening muscles Inside Hands Down Speak Out you ll learn how to Build talk communities that are accessible to everyone especially those whose voices are often traditionally left out of classroom discourse Analyze classroom conversations in order to plan next steps for developing the classroom talk community Plan and facilitate three types of conversations across literacy and math Christy and Kassia believe that the development of dialogue skills is worth the investment of time not only because it has the power to deepen our understanding of literacy and mathematics but also to deepen our understanding of ourselves our communities and the world *Let's Talk Culture* Shane Michael Hatton, 2022-04-26 Packed with research based insights from leading workplaces Let s Talk Culture is the how to guide for people leaders who want to shape a world class team culture by design Successful leaders and organizations know that culture is the unseen advantage of world class teams But can it be influenced And what role do managers play in building and shaping it Author and expert in leader communication Shane Michael Hatton says the research suggests it can be influenced and that the people leader plays a crucial role but it all starts with effective communication Based on extensive research with people leaders on the ground Let s Talk Culture reveals the five practical conversations people leaders need to have to design a world class team culture within their organization An easy to understand guide for future culture champions this book will give you the tools to build a team that attracts and retains your top talent confidently address cultural inconsistencies in the workplace and meaningfully reward the behaviors that strengthen your team culture

Conversational AI with Rasa Xiaoquan Kong, Guan Wang, Alan Nichol, 2021-10-08 Create next level AI assistants and transform how customers communicate with businesses with the power of natural language understanding and dialogue management using Rasa Key Features Understand the architecture and put the underlying principles of the Rasa framework to practice Learn how to quickly build different types of chatbots such as task oriented FAQ like and knowledge graph based chatbots Explore best practices for working with Rasa and its debugging and optimizing aspects Book Description The Rasa framework enables developers to create industrial strength chatbots using state of the art natural language processing NLP and machine learning technologies quickly all in open source Conversational AI with Rasa starts by showing you how the two

main components at the heart of Rasa work Rasa NLU natural language understanding and Rasa Core You'll then learn how to build, configure, train, and serve different types of chatbots from scratch by using the Rasa ecosystem. As you advance, you'll use form-based dialogue management, work with the response selector for chitchat and FAQ-like dialogs, make use of knowledge base actions to answer questions for dynamic queries, and much more. Furthermore, you'll understand how to customize the Rasa framework, use conversation-driven development patterns and tools to develop chatbots, explore what your bot can do, and easily fix any mistakes it makes by using interactive learning. Finally, you'll get to grips with deploying the Rasa system to a production environment with high performance and high scalability, and cover best practices for building an efficient and robust chat system. By the end of this book, you'll be able to build and deploy your own chatbots using Rasa, addressing the common pain points encountered in the chatbot life cycle.

What you will learn:

- Use the response selector to handle chitchat and FAQs
- Create custom actions using the Rasa SDK
- Train Rasa to handle complex named entity recognition
- Become skilled at building custom components in the Rasa framework
- Validate and test dialogs end-to-end in Rasa
- Develop and refine a chatbot system by using conversation-driven deployment processing
- Use TensorBoard for tuning to find the best configuration options
- Debug and optimize dialogue systems based on Rasa

Who this book is for: This book is for NLP professionals as well as machine learning and deep learning practitioners who have knowledge of natural language processing and want to build chatbots with Rasa. Anyone with beginner-level knowledge of NLP and deep learning will be able to get the most out of the book.

[Hidden Conversations](#) David Livingstone Smith, 2018-05-08

[Hidden Conversations](#) introduces Robert Langs' radical reinterpretation of psychoanalysis by presenting and expanding his ideas in new and accessible ways. It is the first clear account of the theories underlying Langs' approach, placing them within the context of the history of psychoanalysis and showing, for example, that Freud nearly discovered the communicative approach in the late 1890s and that in the 1930s Ferenczi also anticipated the method. David Livingstone Smith illustrates this communicative approach with a wealth of practical detail and clinical examples, including verbatim accounts of communicative psychoanalytical sessions with a commentary on the unconscious processes underlying them.
