Cooking Lessons Sherrie A. Inness,2001-08-07 Meatloaf fried chicken Jell O cake because foods are so very common we rarely think about them much in depth The authors of *Cooking Lessons* however believe that food is deserving of our critical scrutiny and that such analysis yields many important lessons about American society and its values This book explores the relationship between food and gender Contributors draw from diverse sources both contemporary and historical and look at women from various cultural backgrounds including Hispanic traditional southern White and African American Each chapter focuses on a certain food teasing out its cultural meanings and showing its effect on women s identity and lives For example food has often offered women a traditional way to gain power and influence in their households and larger communities For women without access to other forms of creative expression preparing a superior cake or batch of fried chicken was a traditional way to display their talent in an acceptable venue On the other hand foods and the stereotypes attached to them have also been used to keep women and men too from different races ethnicities and social classes in their place *Cooking Lessons* Sherrie A. Inness,2001 Meatloaf fried chicken Jell O cake because foods are so very common we rarely think about them much in depth The authors of *Cooking Lessons* however believe that food is deserving of our critical scrutiny and that such analysis yields many important lessons about American society and its values This book explores the relationship between food and gender Contributors draw from diverse sources both contemporary and historical and look at women from various cultural backgrounds including Hispanic traditional southern White and African American Each chapter focuses on a certain food teasing out its cultural meanings and showing its effect on women s identity and lives For example food has often offered women a traditional way to gain power and influence in their households and larger communities For women without access to other forms of creative expression preparing a superior cake or batch of fried chicken was a traditional way to display their talent in an acceptable venue On the other hand foods and the stereotypes attached to them have also been used to keep women and men too from different races ethnicities and social classes in their place [Eating the Ocean](#) Brian Payne,2022-12-02 During the first half of the twentieth century Canadian fisheries regularly produced more fish than markets could absorb driving down profits and wages To address this both industry and government sought to stimulate domestic consumption via increased advertising In *Eating the Ocean* Brian Payne explores how government funded marketing called upon Canadian housewives to prepare more seafood meals to improve family health and aid an industry central to Canadian identity and heritage The goal was first to make seafood a central element of a wholesome diet as a solution to a perceived nutritional crisis and second to aid industry recovery and growth while decreasing Canadian fisheries dependency on foreign markets But fishery managers and policymakers fundamentally miscalculated consumer demand wrongly assuming that Canadians could and would eat more seafood Fisheries continued to extract more fish than the environment and the market could sustain and the collapse of the nation s fisheries that we are now seeing has as much to do

with failed assessments of market demand as it does with faulty extraction practices Using internal communications between industry leaders and Ottawa bureaucrats as well as advertising and promotional material published in the nation's leading magazines national and local newspapers and radio programming Eating the Ocean traces the flawed understanding of not only supply but demand a misguided gamble that caused fisheries to become the most mismanaged resource economy in early twentieth century Canada
