With a new preface by the author

Fascism Why Not Here

Victor M. Corman

Fascism Why Not Here:

Fascism Brian E. Fogarty, 2009-10 A cautionary examination of America's ongoing risk of fascism [The Rise of the Alt-Right](#) Thomas J. Main, 2018-07-31 What is the Alt Right and how will it affect America Donald Trump's election as president in 2016 suddenly brought to prominence a political movement that few in political circles or the mainstream media had paid much attention to the so called Alt Right Steven Bannon Trump's campaign manager was a leading figure in the movement and the election results seemed to give it a real opportunity to gain some political power But what is the Alt Right Is it a movement a theory a trend or just an unorganized group of people far outside of what used to be the political mainstream in America Or could it be all of these things Why has it suddenly emerged into prominence What impact is it having on American politics today and what are the prospects for the Alt Right in the future Through careful research and analysis [The Rise of the Alt Right](#) addresses these and other questions tracing the movement's history from the founding of modern conservatism in postwar America to the current Trump era Although the Alt Right might seem to be just the latest extremist group to arise in the United States one likely to take its place in the graveyard of its many predecessors Thomas J Main analyzes evidence that the Alt Right is having a greater influence on the American political mainstream than did past extremist tendencies [The Rise of the Alt Right](#) is thus an important study for anyone interested in the future of American politics and public life **NACA Bulletin** National Association of Cost Accountants (U.S.), 1927 **Delphian Text** Delphian Society, 1927 [Countering the Far Right in Europe and Beyond](#) Mario Faust-Scalisi, Susan Arndt, 2025-11-07 The far right and its fascism are on the rise Again The contributors to this volume bring together activist scholar artist and journalist expertise on populism and propaganda governance and media communication far right violence and terrorism They address resistance strategies of academia and activism as well as NGOs and civil rights movements by deconstructing far right strategies of governance or communication and providing counter argumentations and communication strategies as well as strategies of political or civic education empathy or solidarity as modes of intervention The volume also contextualises the far right taking historical and cross spatial discontinuities into account [N.A.C.A. Bulletin](#), 1927 **Intercollegian**, 1930 **The Twentieth Century**, 1927 [The Nineteenth Century and After](#), 1927 [Routledge Handbook of Sport Fans and Fandom](#) Danielle Sarver Coombs, Anne C. Osborne, 2022-04-28 This is the first book to explore the full significance of sport fans and fandom from an international and interdisciplinary perspective across different sports communities and levels of engagement It gives a comprehensive overview of the undeniable economic and cultural influence of sport industries for which fans are the driving force The book examines different theoretical and methodological approaches to the study of fans including typologies of fandom and presents cutting edge discussion across broad thematic areas such as performance and identity the business of fandom and fandom and media It considers the experiences of diverse and marginalized fan groups with an emphasis on intersectional analysis and shines new light on key contemporary themes such as fan activism violence

and deviance mobility and migration and the transformative effects of digital and social media This volume includes chapters by many of the leading scholars responsible for having laid the foundation for sport fan research as well as early career scholars who examine the newest developments in media technologies legalized betting gaming and fantasy sports Including perspectives from disciplines such as philosophy sociology psychology management economics and media studies this book is essential reading for anybody interested in the study of sport and wider society or fans and subcultures more broadly
