The Deta Factor Timothy Wyllie, 1984

Confessions of a Rebel Angel Timothy Wyllie, 2012-09-28 A rebel angel s observations from her half million years on Earth and her perspective on the spiritual journey of her human charge Explains the hidden motivations behind Lucifer s angelic rebellion 203 000 years ago and watcher Georgia s participation in it Explores the benevolent intentions of the Multiverse both in quarantining our planet to contain the rebellion and in now allowing our return Describes how the coming spiritual transition will be gentle and our future positive More than two hundred millennia ago the high angel Lucifer launched a revolution among the angelic hierarchy which led to the quarantine of 37 planets including our own from the rest of the Multiverse Now after eons of isolation the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny Writing through Timothy Wyllie rebel angel Georgia describes her half a million years stationed on Earth as a watcher Arriving 500 000 years ago as part of the first angelic expedition to Earth sent here to prepare the indigenous inhabitants for higher consciousness she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration Interweaving her story with parallel observations of Wyllie s youth in World War II England and his spiritual journey beginning with the Process Church Georgia explains the motivations behind Lucifer s uprising and the lasting impact it has had among the angels on Earth and on humanity s natural spiritual development Revealing that there are more than 90 million rebel angels currently incarnated on Earth almost all of whom are unaware of their previous celestial lives Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world She calls on all of us especially these incarnate angels to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God s presence In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world

Revolt of the Rebel Angels Timothy Wyllie, 2013-09-02 A rebel angel s perspective on the Lucifer Rebellion 203 000 years ago and her insight into its past and future effects on consciousness Explores how the angelic revolt led to Earth s celestial quarantine for more than 200 000 years Draws parallels between the Process Church and the Lucifer Rebellion Describes the rise and fall of Lemuria in connection with the rebel angels Reveals how the 100 million angels currently incarnated in human bodies can help with Earth s return to the Multiverse and the coming transformation of consciousness After 200 millennia of celestial quarantine

in the wake of Lucifer's angelic revolt Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse With this redemption comes a massive transformation of consciousness and a reconnection to our cosmic destiny But why did the angels revolt and how has that event shaped our planet's past and its future Writing through Timothy Wyllie rebel angel Georgia shares insights from her half a million years stationed on Earth as a watcher and from her part in the angelic revolution She reveals details of the Lucifer Rebellion including the role played by Planetary Prince Caligastia and his team of angelic administrators thought by some to be the Nephilim or Anunnaki of Sumerian myth who followed Lucifer into the rebellion ultimately leading to the quarantine of Earth and 36 other planets Interweaving her story with events from Wyllie's life Georgia draws parallels between Wyllie's involvement with the Process Church in the 1960s and the events of the angelic rebellion and celestial quarantine She explores the rise and fall of the island civilization of Lemuria or Mu as well as Atlantis and the Maya Georgia reveals there are more than 100 million rebel angels currently granted mortal incarnation on Earth at all levels of society and in all countries most of whom are still unaware of their angelic heritage Now that we are free of Prince Caligastia's behind the scenes manipulations the stage is set for the rebel angels to begin redeeming their past and help Earth realize its significance in the wondrous destiny of the Multiverse

that set us apart from other primates such as our instinctive diving reflex and our newborns ability to swim But while some of the aquatic apes returned to land later evolving into modern humans some remained in the cradle of Mother Ocean and became our dolphin cousins Integrating scientific research on dolphin intelligence communication and physiology with enduring myths from some of the world s oldest cultures such as the Aborigines Norse Greeks and Celts the author examines our physical commonalities with dolphins including their vestigial thumbs and legs birth processes and body temperature He explores dolphins uncanny ability to diagnose disease such as cancer in humans and how dolphin therapy has had miraculous effects on children with autism victims of stroke and those suffering from depression He provides evidence for dolphins different attitudes toward men women and children their natural affinity with cats and dogs and their telepathic communication with other species including ours He explores dolphins mysterious role in the birth of early civilization and their connections with the Dog Star Sirius and Atlantis and Lemuria a bond still commemorated by annual gatherings of millions of dolphins As Frank Joseph shows if we can learn to fully communicate with dolphins accessing their millennia old oral tradition we may learn the truth about humanity s origins and our shared future when humankind may yet again quit the land for a final return to the sea
