The 1980's, Countdown to Armageddon Hal Lindsey,1982 The Countdown to Armageddon Hal Lindsey,1983-06 Argues that current events fit the pattern of Biblical prophesy concerning the end of the world and the second coming of Christ Countdown to Armageddon Paul Mcguire,2000 Are we living in the final chapter of the world as we know it

O'Leary,1998-08-20 Apocalyptic expectations of Armageddon and a New Age have been a fixture of the American cultural landscape for centuries With the approach of the year 2000 such millennial visions seem once again to be increasing in popularity Stephen O Leary sheds new light on the age old phenomenon of the End of the Age by proposing a rhetorical explanation for the appeal of millennialism Using examples of apocalyptic argument from ancient to modern times O Leary identifies the recurring patterns in apocalyptic texts and movements and shows how and why the Christian Apocalypse has been used to support a variety of political stances and programs The book concludes with a critical review of the recent appearances of doomsday scenarios in our politics and culture and a meditation on the significance of the Apocalypse in the nuclear age Arguing the Apocalypse is the most thorough examination of its subject to date a study of a neglected chapter of our religious and cultural history a guide to the politics of Armageddon and a map of millennial consciousness

Countdown to Armageddon and Beyond Tom Gaughan,1998 **Toward a New World Order** Don McAlvany,Donald S. McAlvany,1990-10 *Countdown to Armageddon* Darrell Maloney,2013-12 Scott Harter discovered what the Mayans really meant about the world ending on December 21 2012 the day marked the beginning of a period that would see the end of civilization as we know it Scott understood that big changes were coming but he didn t know if he had two days to prepare or two years To protect his family he threw every resource he had plus some resources he didn t have into preparing for the end *The Prison of Time* Elisa Pezzotta,2022-08-25 We are imprisoned in circadian rhythms as well as in our life reviews that follow chronological and causal links For the majority of us our lives are vectors directed toward aims that we strive to reach and delimited by our birth and death Nevertheless we can still experience fleeting moments during which we forget the past and the future as well as the very flow of time During these intense emotions we burst out laughing or crying or we scream with pleasure or we are mesmerized by a work of art or just by eyes staring at us Similarly when we watch a film the screening time has a well defined beginning and end and screening and diegetic time and their relations together with narrative and stylistic techniques determine a time within the time of our life with its own rules and exceptions Through the close analysis of Stanley Kubrick s Adrian Lyne s Michael Bay s and Quentin Tarantino s oeuvres this book discusses the overall dominating time of their films and the moments during which this ruling time is disrupted and we momentarily forget the run toward the diegetic future suspense or the past curiosity and surprise It is in these very moments as well as in our own lives that the prison of time through which the film is constructed and that is constructed by the film itself crumbles displaying our role as spectators our deepest relations with the film *Countdown to Armageddon* James Clavell,1966

Stalking the Antichrists (1965?2012) Volume 2 George E. Lowe,2013-12 **Muslims and American Popular Culture** Anne R. Richards,Iraj Omidvar,2014-02-10 Offering readers an engaging accessible and balanced account of the contributions of American Muslims to the contemporary United States this important book serves to clarify misrepresentations and misunderstandings regarding Muslim Americans and Islam Unfortunately American mass media

representations of Muslims whether in news or entertainment are typically negative and one dimensional As a result Muslims are frequently viewed negatively by those with minimal knowledge of Islam in America This accessible two volume work will help readers to construct an accurate framework for understanding the presence and depictions of Muslims in American society These volumes discuss a uniquely broad array of key topics in American popular culture including jihad and jihadis the hejab veil and burka Islamophobia Oriental despots Arabs Muslims in the media and mosque burnings Muslims and American Popular Culture offers more than 40 chapters that serve to debunk the overwhelmingly negative associations of Islam in American popular culture and illustrate the tremendous contributions of Muslims to the United States across an extended historical period

1948 Frank Lo Zucco,2014-12-27 Although a work of fiction 1948 reveals how the countdown to the Biblically predicted end times battle of Armageddon can be traced back to 1948 The book takes the reader through much known evidence to make the case He does this primarily through the interactions and travels of his five main characters who know each from Boston yet spend time exploring Israel together These characters represent varying perspectives of skeptic and believer Jew and Christian 1948 is interesting and entertaining because it offers a plethora of ideas questions and information for consideration In 1948 the believer will find a general guide for following present and future world events while the skeptic will find 1948 a source to help with clarification and understanding of the issues involved

A Troubling Turn of Events Darrell Maloney,2017-09-29 After two long years of struggling one might think it would have gotten easier One would be wrong The ten percent who were lucky enough to have survived the two waves of electromagnetic pulses didn't consider themselves so lucky that is In some ways the world is beginning to normalize The survivors are finding creative ways to grow and share crops The entrepreneurial spirit is returning Shops are reopening And people are finally getting comfortable with doing things that at first disgusted them Rat jerky is now the primary source of meat for many urban dwellers In other ways though things which everyone wished would change stubbornly stayed the same Although most of them have been killed a few marauders remained And they continued to plunder from the good folks at the end of a gun because they were too lazy to work for their food Others were out there as well Others who were much more sinister much more sadistic Others who weren't content in just taking provisions They were looking for victims So they could deprive them of their most intimate treasures And then torture and kill them One such monster has found his way into Kerrville

The Trouble with Charles Darrell Maloney,2016-12-26 In a sense they were lucky although few would consider themselves so They were the tiny percentage of Americans who'd survived the blackout although there was a good argument to be made it would have been easier to just give up Most of the others did The first few months had been the worst Those who didn't already know how to do so had to learn to hunt to fish to defend themselves against the marauders and other evil doers In the early days families lost touch with one another Those who lived within shouting distance tended to band together Those separated by any appreciable distance wondered and worried whether their loved ones made it

Sometimes wondering wasn't enough Sometimes those who were bold enough struck out to find their families Such was the case when young Sara ventured out from the tiny town of Junction Texas to find her lost mother All she had were a last known address and rumors she'd moved on Against all odds she found her mother and brought her back And she brought back others as well including a precious young girl named Millicent and her tiny partner a boy named Charles Charles wasn't so precocious
