power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience This section includes a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads As the debates about 16 and Pregnant and Teen Mom continue this collection provides a valuable critical discourse to be used both inside and outside the classroom Those engaged in courses on gender and women's studies as well as media studies social work and family and childhood development will find MTV and Teen Pregnancy especially insightful as will those involved in community outreach programs not to mention teens and young mothers themselves
