Economics Lipsey 10th Edition:

Economics Richard G. Lipsey, K. Alec Chrystal, 2007 The eleventh edition of this successful textbook for Economics majors has been thoroughly updated and revised to give more depth to core principles. Pitched at a level that will stretch readers but still be comprehensible for beginners, Economics is explained in a straightforward manner whilst maintaining the rigour needed to enable students to progress with their studies. The book features a depth and breadth of topics combined with a balance of technical and applied material. In-depth explanations of theoretical concepts are balanced with a range of real-world examples that help students to understand and apply the concepts they have learnt. A supporting and newly expanded Online Resource Centre features supplements for lecturers including an instructor's manual, PowerPoint slides, answers to questions in the text, class exercises, and artwork from the text. Supplements for students include self-assessment, multiple-choice questions with feedback, crosswords compiled from key glossary terms, a list of useful websites, maths appendices, past exam papers, and additional case studies.

Economics Richard G. Lipsey, Richard Lipsey, Alec Chrystal, 2020 An illuminating and robust introduction to economics principles, the fourteenth edition of Lipsey and Chrystal's established textbook continues to provide complete coverage for those new to micro and macroeconomics. The authors help students to understand the subject matter through a combination of lucid explanation and supportive learning features which encourage independent thought. The principles are examined through a theoretical lens before empirical examples demonstrate how the concepts work in practice. The applied nature of the models is further emphasised by case studies from around the world which encourage students to develop and contextualise their understanding of the key themes. Suitable for beginners, the authors provide in-depth explanations of key theoretical concepts which relate to a wide range of applied material. End-of-chapter questions give students the opportunity to test their knowledge and advance their critical thinking skills. Economics undergraduates studying a core module on the principles of economics. It may also be suitable for students taking business management or finance and accounting degrees who are taking a module which introduces economics. This book is accompanied by an online resource to support both students and lecturers. For students: Self-test questions, Flashcard glossary, Additional chapter material, Web links. For lecturers: PowerPoint slides, Instructor's manual, Test bank, Additional chapters covering Economics of Developing Countries and Macroeconomic Policy in an Open Economy.

Advanced Economic Theory LPSPE H.L. Ahuja, 2019 This authoritative and comprehensive text is an advanced treatise on microeconomics. Featuring simplified mathematical treatment, the book covers a wide spectrum of theories and concepts aimed at effective understanding of advanced economic theory. This revised edition explores further the concept of economic efficiency and the concept of utility and its critique by Prof. Amartya Sen. It further includes an incisive analysis of Hicksian and Slutsky substitution effects. The revision also includes important distinctions and critical analysis of several functions, exposing the latest developments in the field.
