Everyday citizens now want to see their investments not only do well but do good. But what constitutes responsible investment and how can it be undertaken in practice? What is the impact of responsible investment strategies on investment performance? How can trustees, managers and advisors implement these strategies in line with their fiduciary responsibilities? How can plan trustees and staff members convince all stakeholders of the need to invest in resilient growth? The Responsible Investor Handbook, commissioned by the AFL CIO and global progressive investors, is a lay-friendly how-to manual sharing the best in responsible investment practice with capital stewards and other policy leaders who want to do the right thing with our common wealth.
