Disapproving Rabbits:

Disapproving Rabbits Sharon Stiteler, 2007-10-16 Try as hard as you like there's just no pleasing a disapproving rabbit. Let them hop around your house they'll disapprove of your decorating skills. Feed them tasty veggies they'll disapprove of your culinary skills. Sit together in your yard and they'll disapprove of your gardening even as they devour it. Long thought of as mindless raiders of gardens and happy couriers of colored eggs it's almost as if rabbits have been getting the best of us for years secretly disapproving of all our non-rabbit ways. Fortunately Sharon Stiteler, known as the Bird Chick for her work in the birding community, began to notice something not quite right about her pet rabbit Cinnamon. It appeared that Cinnamon didn't approve of anything. After studying a great many photos, Sharon has soundly and without a doubt proved that rabbits have some major attitude.

Rabbit Victoria Dickenson, 2013-10-15 From Benjamin Bunny to Peter Cottontail, the Velveteen Rabbit to the Flopsy Bunnies, the Rabbit of Caerbannog to Bugs Bunny and Roger Rabbit, the winsome long-eared animal is a permanent fixture of our childhoods. We know rabbits for their place in our stories, myths, and legends, and also for how they helped us learn to tie our shoes. In this richly illustrated book, Victoria Dickenson explores the natural and cultural history of the most familiar of the lagomorphs. Tracing the history of the species, Dickenson brings to life the giant extinct rabbits of Minorca and the tiny endangered Volcano rabbits of Mexico, while focusing on the European rabbit. She explains how humans became this particular rabbit's greatest predator, coveting its fur and flesh, and how they distributed rabbits to such far-flung places as New Zealand and Australia to provide food and sport for settlers. Dickenson also examines the paradox of the rabbit as prey and trickster who outwits all rivals, as cuddly companion for children, and symbol of unbridled animal passion. She looks at the use of the rabbit's foot to charm away evil, celebrates the Year of the Rabbit, and discovers the Jade Moon Rabbit who lives on the moon. Hopping from Berringer Rabbit to the Energizer Bunny, Rabbit is the perfect gift for anyone who loves these intelligent, adorable creatures.

Speaking for Animals Margo DeMello, 2013 This text contributes to the growing field of human-animal studies by examining the human impulse evidenced in blogs, social networking sites, video games, comic books, and animal welfare literature to ventriloquize the animal voice.

1001 Secrets Every Birder Should Know Sharon Stiteler, 2013-04-30 Offers facts about a variety of birds including physical characteristics, habitats, and eating habits, and shares identification tips, migration patterns, and birding vacation spots.

Good Birders Still Don't Wear White Lisa White, Jeffrey A. Gordon, 2017-03-14 Avid North American birders share wit, wisdom, advice, and what fuels their passion for birds. Birding gets you outside, helps you de-stress, exercises your body and mind, puts your day-to-day problems in perspective, and can be lots of fun. Birders know this, and in this collection of thirty-seven brief essays, birders from diverse backgrounds share their sense of wonder, joy, and purpose about their passion and sometimes obsession. From the Pacific Ocean to Central Park, from the rainforest in Panama to suburban backyards, no matter what their habitat, what good birders have in common is a curiosity about the natural world and a desire to share it with others. In these delightful essays, each

accompanied by an endearing drawing devoted birders reveal their passion to be fulfilling joyful exhilarating and maybe even contagious Contributors include many well known birders such as Richard Crossley Pete Dunne Kenn Kaufman Michael O'Brien Bill Thompson and Julie Zickefoose and a portion of the proceeds goes to the American Birding Association North America's largest membership organization for active birders
