

COMPASS TEST Student Guide

What is COMPASS?

Spoon River College uses a computer-adaptive placement testing system from American College Testing (ACT) called **COMPASS**. Students will be assessed in writing, reading and math. Although testing is done on a computer, no computer experience is required. Directions are clearly stated, and help is always available. The tests are adaptive which means that questions are selected based on your responses to previous questions. Since your test is highly individualized and tailored to your skill level, the tests are usually shorter and the scores more accurate than with traditional paper and pencil tests. There is no time limit so you should work carefully at your own pace.

Why do I need to take COMPASS?

Spoon River College students arrive on campus with varied skill levels and life experiences. Students come to us directly from high school, from other colleges, and from work-related backgrounds. In order to give students the best opportunity for academic success, students and advisors need to know current levels of achievement, and the COMPASS gives that needed information. The goal of the assessment is to place students in the correct courses according to their current academic achievement levels. SRC can also use current ACT results for placement. Students must score a 19 or higher in the reading, writing and math to automatically place in college level classes.

How are the COMPASS scores used?

Scores are available as soon as testing is completed. Test results help you and your academic advisor select classes and plan an appropriate course of study. The tests are not used to determine admission to the college and there is no charge for the test. However, a \$5.00 retest fee will apply if you were not happy with the first set of results.

How can I prepare for the COMPASS?

The best way to prepare for the COMPASS is to review sample questions at the following websites: www.act.org/compass and www.testpreview.com/compass_practice.htm. Students with special needs or students with special testing considerations should contact the disAbility Coordinator prior to testing. Students may phone 309-649-6305 to talk about possible arrangements.

COMPASS Reading Test

The reading comprehension test consists of 3-5 short passages followed by a set of questions. Some answers are selected from a group of multiple-choice options, and some involve highlighting a portion of the text. You may refer to the passage when answering the questions and you may review and change answers at the end of a passage before moving on to the next passage. The test consists of referring, reasoning and prior knowledge questions. Scores on the reading placement exam are used to place students in reading classes and to indicate ability to be successful in college level courses.

COMPASS Writing Test

The writing skills test presents you with 2-4 essays to edit. You will identify errors in punctuation, grammar, sentence structure, organization and style and make corrections based on multiple-choice options. You may review and change answers on an essay until you move on to the next message. Scores from the writing skills exam are used to place students into composition classes and for other courses that require a particular writing skill level.

COMPASS Mathematics Test

The math placement test consists of problems in pre-algebra, algebra, and college algebra. You will start in the algebra area and move to higher or lower level math problems depending on your current math skill level. Calculators are allowed and provided for you. Questions must be answered in the order they are presented. Items may not be skipped and answered later or reviewed at the end of the test. Scores from the math test are used for placement into math courses.
