Entertaining German Culture Stephan Ehrig, Benjamin Schaper, Elizabeth Ward, 2023 Audiences for contemporary German film and television are becoming increasingly transnational and depictions of German cultural history are moving beyond the typical post war focus on German s problematic past Entertaining German Culture explores this radical shift building on recent research into transnational culture to argue that a new process of internal and external cultural reabsorption is taking place through areas of mutually assimilating cultural exchange such as streaming services an increasingly international film market and the import and export of Anglo American media formats
