

Comicbookvine

Marco Casella

Comicbookvine:

The Comic Book Film Adaptation Liam Burke, 2015-03-31 In the summer of 2000 X Men surpassed all box office expectations and ushered in an era of unprecedented production of comic book film adaptations This trend now in its second decade has blossomed into Hollywood s leading genre From superheroes to Spartan warriors The Comic Book Film Adaptation offers the first dedicated study to examine how comic books moved from the fringes of popular culture to the center of mainstream film production Through in depth analysis industry interviews and audience research this book charts the cause and effect of this influential trend It considers the cultural traumas business demands and digital possibilities that Hollywood faced at the dawn of the twenty first century The industry managed to meet these challenges by exploiting comics and their existing audiences However studios were caught off guard when these comic book fans empowered by digital media began to influence the success of these adaptations Nonetheless filmmakers soon developed strategies to take advantage of this intense fanbase while codifying the trend into a more lucrative genre the comic book movie which appealed to an even wider audience Central to this vibrant trend is a comic aesthetic in which filmmakers utilize digital filmmaking technologies to engage with the language and conventions of comics like never before The Comic Book Film Adaptation explores this unique moment in which cinema is stimulated challenged and enriched by the once dismissed medium of comics

Superheroes Smash the Box Office Shawn Conner, 2023-09-06 In 1997 the superhero movie was all but dead The last Superman flick had been released a decade earlier to disastrous reviews and ticket sales The most recent Batman film was a franchise killing bomb And an oft promised Spider Man feature was grounded Yet a mere five years later this once derided genre would be well on its way to world domination at the box office and even critical respectability How did this happen And why two decades later does the phenomenon show no sign of abating Here for the first time is an extensively researched soup to nuts history of the superhero movie from the first bargain basement black and white serials to today s multiverse blockbusters Chronicling eight decades of stops and starts controversies and creators good guys and bad guys onscreen and off this entertaining account explains how and why our entertainment universe came to be overpowered by costumed crimefighters and their nefarious counterparts

Comic Books Shirrel Rhoades, 2008 This book is an insider s guide to how the comic book industry works You ll learn how comic book superheroes are created and the deeper meanings they represent You ll follow the development of sequential art storytelling from caveman wall paintings to modern manga and cinematic techniques Here you will explore comics in all forms those flimsy pamphlets we call comic books thick graphic novels Japanese manga and blockbuster movies featuring epic battles between good and evil But behind it all you ll discover how comics are an intellectual property business the real money found in licensed bedsheets and fast food merchandise heart pounding theme park rides and collectible toys video games and Hollywood extravaganza featuring such popular superheroes as Spider Man Superman X Men and Batman
