

11 Editing Patches

The MS2 comes with 24 pre-defined patches that have been programmed at the factory. However, the MS2 offers many more possibilities for creating effects in innovative ways. To discover these possibilities, first programmed effects that you try out the editing functions, which lets you create your own patches. The mode in which patches can be edited is called the Edit mode.

To switch from normal Play mode to Edit mode, briefly press the EDIT key. Do not keep the EDIT key depressed, because if the key is held for 1 second, the Bank Hold mode will be activated.

Immediately after switching from the Play mode to the Edit mode, the parameter cursor flashes at the highest position of COMP module, regardless of which patch was selected. The COMP module setting of the current patch is shown on the display.

While Edit mode is active, each push of the EDIT key causes the parameter cursor to move one position down. The flashing position shows which module is selected for editing. The relation between parameter cursor LEDs and modules is as shown below:

- 1st parameter cursor LED: COMP module setting
- 2nd parameter cursor LED: EQ module setting
- 3rd parameter cursor LED: EQ module setting
- 4th parameter cursor LED: ZNR and AMP module setting
- 5th parameter cursor LED: EQ module setting
- 6th parameter cursor LED: MOD module setting
- 7th parameter cursor LED: DLY/REV module setting
- 8th parameter cursor LED: PATCH level setting

The VALUE + (-) keys to change parameters.

For an explanation of the VALUE + (-) keys, please refer to the section "Effect Parameter". When the EDIT key is pressed while the 8th parameter cursor LED flashes, the Edit mode is cancelled and the unit returns to the Play mode.

12 Effect Parameters

COMP module	DIST module	ZNR/AMP block	EQ module	MOD module	DLY/REV module	PATCH Level
Compressor The input signal down the gain is compressed to a certain level. Setting range: $C = 1 \sim 99$ dB Higher values result in stronger compression.	Distortion Type A total of eight effect types are available, including seven different distortion types and one effect which produces a sound similar to an electric acoustic guitar. RC (acoustic) Gives a sound similar to an electric acoustic guitar. D (diagonal) Gives slight distortion when strings are picked strongly. O (overdrive) Distorted overdrive during a full amp. OF (overdrive) Hard distortion similar to driving a three-stack amp. S (saw) Overdrive sound with a saw tone. F (fuzz) Chorus sound with fat bass. L (lead) Bright and harsh distortion. IT (lead) Sounding like lead.	ZNR module Parameters for settings for ZNR Noise Reduction. AMP module Modulates the wave characteristics of a guitar amplifier. Both modules together form the ZNR/AMP block. Setting range: $Z = 0 \sim 99$ dB Higher values result in more effect. The value shown on the display indicates the amount of effect. Choose the highest setting that will maintain the instrument sound comfortably without making the instrument sound unnatural on the hearing stage (when the sound through the stereo system). $R = 1 \sim 99$ dB All Amp. simulator only is active. MS2 AMP (ZNR) is also used. Higher values result in more effective noise reduction.	Sound EQ Allows boost and cut in the presence, high, midrange, and low ranges, with the sliding settings. Setting range: $F = 10$ dB Lower values result in a stronger high-range cut and low-range boost. $F = 20$ dB Lower values result in a stronger presence-in-range boost. $F = 30$ dB Flange cut frequency response. $F = 40$ dB Higher values result in a higher boosted frequency response. $F = 50$ dB Higher values result in a stronger presence cut and low-range boost, giving a more leaded sound.	Chorus Sample 2 phase chorus without any compression with pitch wheel modulation. Suitable for enhancing a clean sound. Setting range: $C = 1 \sim 99$ dB Higher values result in a stronger chorus effect.	Delay Clean unmodulated digital delay with a delay time of up to 750 ms. By increasing the effect on screen, you can achieve a ping-pong delay. Setting range: $T = 0 \sim 99$ ms Higher values result in longer delay time. Mod feedback is also optimized.	Patch Level Allows setting the level of individual patches. This setting is used for each patch like the effect parameter. Setting range: $L = 30$ dB Higher values result in higher level.
Limiter Limits the input signal with lower compression. Setting the parameter is optional. Setting range: $L = 1 \sim 99$ dB Higher values result in more effective limiting.	Distortion Gain Sets the intensity and the depth of the distortion effect. Setting range: $F = 30$ dB Higher values result in stronger distortion or greater depth.	ALL Amp. simulator only is active. MS2 AMP (ZNR) is also used. Higher values result in more effective noise reduction.	Phase Shift Controls the phase shifted response to the input sound. The amount of shift is continuously changing with the frequency effect. Setting range: $F = 1 \sim 99$ dB Higher values result in a stronger effect.	Flanger Adds a very short delay to the input sound periodically, resulting in a pronounced wavelike modulation. Can also be used together with the other effects. Setting range: $F = 1 \sim 99$ dB Higher values result in faster flanger modulation.	Half Reverse Reverses the direction of a hall. Setting range: $H = 1 \sim 99$ ms Higher values result in longer reverb time. This setting is also optimized.	
Auto Wah With this effect, compressed frequency is automatically depending on the dynamics of the input signal. Setting range: $R = 1 \sim 99$ dB Higher values result in a more pronounced auto wah effect. $R = 50$ dB Compressor and auto wah effect result in a more pronounced auto wah effect. Compressor intensity is fixed.			Phaser Shift Controls the phase shifted response to the input sound. The amount of shift is continuously changing with the frequency effect. Setting range: $F = 1 \sim 99$ dB Higher values result in a stronger effect.	Step Continuously changing filter creates an auto wah effect. The amount of effect is continuously changing with the volume effect. Setting range: $S = 1 \sim 99$ dB Higher values result in faster step. $S = 50$ dB Step and chorus are used together with the other effects.	Room Reverb Simulates the reverb of a room. Setting range: $R = 1 \sim 99$ ms Higher values result in longer reverb time. This setting is also optimized.	
Pedal Wah With this effect, compressed frequency is automatically depending on the dynamics of the input signal. Setting range: $P = 1 \sim 99$ dB Higher values result in a higher pedal wah control intensity. $P = 50$ dB Compressor and pedal wah are used together. Higher values result in a more pronounced auto wah effect. Compressor intensity is fixed.				Double Direct sound with a short delay reproduced, creating the impression of sound coming from the sound source itself. Can also be used together with the other effects. Setting range: $D = 1 \sim 99$ dB Higher values result in longer delay time. $D = 20$ dB Doubling and chorus are used together. Higher values result in a more pronounced double effect.	Parameter setting shortcut Parameters of each effect are set by pressing the EDIT key. Any effect parameter is set by pressing the EDIT key. Any effect parameter is set by pressing the EDIT key. Any effect parameter is set by pressing the EDIT key.	

1 Selecting parameters to change

As illustrated in "Editing Effect", parameters to be edited are selected by repeatedly pressing the EDIT key. Do not keep the key pressed.

2 Effect module on/off switching

When editing the parameter of an effect module, the effect module can be turned on or off. The ZNR and AMP modules are turned on and off together. When switching on/off modules, you must do this by using the parameter setting display.

3 Using the VALUE + (-) keys

When using the VALUE + (-) keys to change the parameter value of the effect module, the amount of effect is shown on the display. When the VALUE + (-) keys are used, the effect is turned on or off.

4 Effect on/off indication

When the effect is turned on, the effect module name is indicated on the display. When the effect is turned off, the effect module name is indicated on the display.

5 Parameter setting shortcut

Parameters of each effect are set by pressing the EDIT key. Any effect parameter is set by pressing the EDIT key. Any effect parameter is set by pressing the EDIT key.

6 Volume control with FPO3

The MS2 offers a volume control with FPO3. When the volume control is turned on, the volume of the effect is controlled by the FPO3 knob. When the volume control is turned off, the volume of the effect is controlled by the volume knob.

7 Master level adjustment

The MS2 offers a master level adjustment. The master level is adjusted by the PATCH LEVEL knob. When the master level is adjusted, the volume of the effect is controlled by the PATCH LEVEL knob.

Zoom 5ii User Guide Introduction

Zoom 5ii User Guide Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Zoom 5ii User Guide Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Zoom 5ii User Guide : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Zoom 5ii User Guide : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Zoom 5ii User Guide Offers a diverse range of free eBooks across various genres. Zoom 5ii User Guide Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Zoom 5ii User Guide Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Zoom 5ii User Guide, especially related to Zoom 5ii User Guide, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Zoom 5ii User Guide, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Zoom 5ii User Guide books or magazines might include. Look for these in online stores or libraries. Remember that while Zoom 5ii User Guide, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Zoom 5ii User Guide eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Zoom 5ii User Guide full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Zoom 5ii User Guide eBooks, including some popular titles.

FAQs About Zoom 5ii User Guide Books

What is a Zoom 5ii User Guide PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Zoom 5ii User Guide PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Zoom 5ii User Guide PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Zoom 5ii User Guide PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Zoom 5ii User Guide PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
