Congregations As Learning Communities Tools For Shaping Your Future:

Congregations as Learning Communities Dennis G. Campbell, 2000-12-31 In our rapidly evolving religious scene congregations that are open to continuous learning and willing to respond to external and internal change will be the ones that achieve new vitality and health Dennis Campbell describes what those congregations will look like and provides four tools to help a congregation shape its community into what God would have it be Systems thinking congregational culture appreciative inquiry and scenario planning are explained and illustrated and readers will be shown how to apply the principles to their setting *Pauline Communities as 'scholastic Communities'* Claire S. Smith, 2012 Edwin Judge's description of early Christian communities as scholastic communities provides the starting point of a search for a sociological description of the Christian communities portrayed in 1 Corinthians 1 and 2 Timothy and Titus An original methodology uses a multi layered exegetical approach to study every occurrence of the vocabulary of teaching in the letters The focus is on the activity of teaching e.g participants method manner purpose result etc The vocabulary represents ten semantic groupings which shed further light on the place and practice of education in the communities core teaching speaking traditioning announcing revealing worshipping commanding correcting remembering imitation and false teaching Claire S Smith supports and develops Judge's 1960 description advancing on it by showing that the communities are better described as learning communities with horizontal human human and vertical divine human dimensions *Cultivating the Missional Church* Randolph C. Ferebee, 2012-10 Written from a post Christendom emergent worldview this book was born of a singular question asked in hundreds of ways What do we do to be faithful in this changed and changing reality Whether shaped by anxiety a foretaste of coming changes excitement or energy at the prospects of witness and service the future holds the question remains the same and the answers elusive Part one addresses church functions under categories of governance modeling collaboration champion catalyst mission covenant disciple change and leadership Part two offers further explication of the functions including books recommended for in depth study application ideas and further exploration of themes *Practicing Christian Education* Mark A. Maddix, James Riley Jr. Estep, 2017-07-18 This accessible introduction to the broad scope of Christian education focuses on its practice in the local church Two leading experts argue that Christian education encompasses all of the intentional practices of the local church including worship mission sacraments and teaching They explore Christian education not only as a field of study but as a vital congregational ministry showing how congregations can engage in discipleship and formation for spiritual growth The book features exercises and other pedagogical devices and includes reflection questions and suggestions for further reading *The Impact of Church Consultancy* Ian G. Duncum, 2019-01-14 This book follows the journey of ten churches who underwent church consultancies and explores in depth both the consultancy and its outcomes Pre consultancy and post consultancy snapshots four to five years apart of vitality indicators and attendance figures using National Church Life Survey and other data are used to

compare these with churches that have not undertaken church consultancies Theologies of church consultancy church health and church growth are also developed and examined intersecting with a wide body of literature including contemporary ecclesiologies Consultancy outcomes are examined in detail This includes interviews with pastors of some of those churches reflecting on their perceptions of whether and how the church consultancy impacted the health and growth of their church Conclusions are drawn about the efficacy of church consultancy in influencing the health and growth of churches as well as contexts for the best use of church consultancy This is a significant book for denominational leaders theological lecturers pastors and church leaders as they encounter lack of health in churches and seek ways forward for greater health and impact in their local communities

Toward an Adult Church Jane E. Regan, 2002 Penance Confirmation Eucharist Children participate in these sacraments and many other Catholic rites thanks to America's long standing model of parish catechesis Once children become adults however what becomes of their faith formation In Toward an Adult Church A Vision of Faith Formation Jane Regan explores the current structure of parish catechesis Basing her ideas on contemporary theory and traditional practice Regan sets forth an intriguing argument the vitality of the Church depends on establishing a new education paradigm one that is focused on adults How can parishes design a framework for adult catechesis Will such programs be accepted by local church communities Where does children's faith formation fit into the new structure Regan answers these questions and offers ideas for developing a balanced approach to religious education one that addresses the ongoing faith life of adults

Memories, Hopes, and Conversations Mark Lau Branson, 2004-06-01 A second edition of *Memories Hopes and Conversations* is now available With helpful updates throughout the new edition features five new chapters on Appreciative Inquiry applied in real congregations When First Presbyterian Church in Altadena California was asked to provide a mission study report for its pastor nominating committee the congregation was afraid they would find themselves engaging in busy work and producing a report that would wind up in a file gathering dust They then asked professor Mark Lau Branson to consult with them on writing this report He invited them to join in a process of Appreciative Inquiry a transformational organization change process which resulted in a major shift in congregational conversations and a new sense of hope *Memories Hopes and Conversations* recounts the experience of First Presbyterian and outlines a process that any congregation can utilize to harness the energies of the congregation at all levels of its common life Branson first leads readers through the foundations of Appreciative Inquiry and bracingly explores biblical texts for understanding the practice in a faith context He then outlines and illustrates a four step process Initiate Inquire Imagine Innovate that creatively employs constructive conversations and questions to evoke storytelling and spur imaginations Branson persuasively demonstrates how concentrating on needs and problems can mire a congregation in discouragement and distract it from noticing innate strengths By focusing on memories of the congregation at its best members are able to construct provocative proposals to help shape the church's future Grounded in solid theory and real life practice *Memories*

Hopes and Conversations is a groundbreaking work of narrative leadership and the first book to apply the principles of Appreciative Inquiry to the lives of congregations Prescription for a Healthy Church Jolene L.
