

A woman in a green jacket and grey pants is walking towards the camera on a paved path in a park. The path is flanked by green grass and trees with some autumn-colored leaves. A large, textured tree trunk is visible on the left side of the frame. The background shows a line of trees under a clear sky.

Cornelis Gerrit Nicolaas Vooy,1988 *Dearest Pet* Midas Dekkers,2000-11-17 People love animals a stroke here a pat there
a quick nuzzle in that gorgeous fur the amount of cuddling they get can make you jealous In Holland dogs are caressed more
than people Not as thoroughly though that one spot somewhere down below generally remains untouched Generally but
certainly not always Kinsey s research showed that 8 per cent of men and 3 5 per cent of women had had sex with an animal
and that in rural areas the figure for men was closer to 50 per cent Yet bestiality is almost universally condemned While our
love for animals is extolled as noble and natural all erotic elements in the relationship between humans and other species are
vilified and proscribed thus consigning them to the realm of exotic pornography or crude innuendo Even so something
remains of physical love for animals In different forms sublimated or occasionally celebrated its traces can be found
throughout art and popular culture in Leda and the Swan Beauty and the Beast or the Lorelei in a lubricious menagerie of
satyrs and centaurs wolfmen and vampires all the way through to King Kong and Fritz the Cat pony clubs and amorous
dolphins or even advertisements for luxury catfoods *Dearest Pet* uncovers and explores those traces illuminating the
ambivalence of human attitudes to cross species sexuality Its author the biologist and broadcaster Midas Dekkers has
analysed bestiality in all its aspects physical psychological and legal and examined its representations in religion and
mythology art and literature pornography and advertising Beautifully and sometimes bizarrely illustrated his book is neither
drily academic nor pruriently trivial but erudite witty and challenging the first history of the last taboo A book for animal
lovers and for those who are just their good friends
