## **Foundations Of Social Work Practice A Graduate Text:**

*Foundations of Social Work Practice* Mark A. Mattaini, Christine T. Lowery, 2007 This fourth edition of the Foundations of Social Work Practice is the best current scholarship that challenges the conventional wisdom of social work practice across all system levels individual family group organization and community The framework for this edition offers a coherent approach to integrating four critical perspectives on practice ecosystems social justice and human rights evidence based practice and shared power These perspectives are interwoven throughout the text and offer a teaching strategy on how to achieve the integration of perspectives Foundations of Social Work Practice is written at a level that adequately challenges graduate students and fosters their intellectual development from the very beginnings of their graduate experience The editors intent is to promote the concept that although many social work practice functions can be performed effectively by paraprofessionals and bachelors level staff the primary function of the graduate level social worker is not so much to simply act as to think to understand the perplexing intricacies of each clients unique dilemma and to develop interventive strategies that are based on that understanding SPECIAL FEATURES Organized into two major sections Foundation Knowledge and Foundations of Social Work Practice Builds a bridge between social policy and social work practice Emphasizes the use of appropriate practices especially when working with at risk communities Includes three appendices NASW Code of Ethics Universal Declaration of Human Rights and a refined set of skills exercises Amazon com

**The Foundations of Social Work Practice** Carol H. Meyer, Mark A. Mattaini, 1995 *Foundations of Social Work Practice* Mark A. Mattaini, Christine T. Lowery, 2002 In this iteration date unspecified for the previous seven professors of social work from New York to Alaska expand their emphasis on social justice empowerment and the moral core of the profession in covering contemporary issues including an ecosystems approach aging disabilities human righ Mental Disorders in the Social Environment Stuart A. Kirk, 2005 Social workers provide more mental health services than any other profession yet recent biomedical trends in psychiatry appear to minimize the importance of their traditional concerns which focus on the social environment that accompanies mental disorders and their treatment In twenty four chapters written by distinguished scholars this book not only calls attention to this emerging problem and challenges conventional mental health beliefs and practices but also raises provocative questions Has social work become too closely associated with psychiatry and too quick to adopt a medical approach Has the focus on the therapeutic relationship negated social work s commitment to social reform Is the social worker marginalized by the emphasis in mental health on biochemistry and psychopharmacology This book calls on social workers and other health care professionals to be more skeptical about diagnosis community treatment evidence based practice psychotherapy medications and managed care

*The Foundations of Social Work Practice* Mark A. Mattaini, Christine T. Lowery, Carol H. Meyer, 1998 The Foundations of Social Work Practice covers the core content required for foundation practice courses in master s degree programs accredited by the Council on Social Work Education Practical

and comprehensive and written at a more challenging level than most texts this book covers all the essentials knowledge needed for practice skills for practice with systems of all sizes the ecosystems perspective and the use of research With detailed emphasis on today s best practices this book integrates concept and theory with skills building exercises It is an excellent text for preparing students for real world experience Book jacket

**The Columbia University School of Social Work** Ronald A. Feldman, Sheila B. Kamerman, 2001 Few aspects of American military history have been as vigorously debated as Harry Truman s decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of thye events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan s surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles

students historians beginning mental health practitioners social workers case managers substance abuse counselors and anyone interested in stories of human courage Make it part of your collection today **Encyclopedia of Social Work** ,1965

**Social Work and the Environment** Michael Kim Zapf,2009 This ground breaking new work provides a detailed and extensive comparison of how the physical environment has been conceptualized in social work and other professions and offers a new and attractive foundational metaphor for social work The author acknowledges the need for greater awareness and action regarding environmental impacts and the book promotes more comprehensive notions of responsibility identity and stewardship that lead to a dynamic metaphor of people as place as the foundation for relevant social work practice in the early 21st century Why is that a profession with a declared focus on person in environment has been so silent on the environmental crisis Mainstream social work theory has narrowed the understanding of environment to include merely the social environment but this approach is no longer sufficient for participation in multi disciplinary efforts to tackle urgent environmental issues Transformative notions of responsibility identity and stewardship have been developed on the fringes of our professional community rural remote social workers Aboriginal social workers and international and spiritual social workers They must now move to the core of the profession *Revisiting the Use of Self* Deena Mandell,2007 In recent years several developments have stimulated new ways of thinking about the social worker s self or selves in all aspects of practice The focus on practice with diverse populations and the emphasis on anti oppressive practice have highlighted elements of the relationship between social worker and client The objective of this book is threefold 1 Offer the reader a historical developmental overview of the concept of use of self and critically explore its adequacy for contemporary ethical practice 2 Provide the reader with first person practitioners accounts of their own use of self in examples of reflective practice approaches 3 Broaden the scope of the concept of critical use of self to fields of service where it is under theorized in for example community work and corrections *Using Evidence in Social Work Practice* Harold E. Briggs,Harold Eugene Briggs,Tina L. Rzepnicki,2004 This comprehensive text is designed to provoke discussion Part I raises questions about the ethics the nature of evidence and the role of theory in evidence based practice Chapters in the second part serve as models for developing practice aimed at addressing particular problems and client populations Part III raises practical issues in implementation Critical thinking is stressed throughout the collection *Social Work* Mark Lymbery,Karen Postle,2007-04-13 cterise social work courses and the issues involved in continuing professional development *Social Work Education Reporter* ,2002 **Affirmative Practice** Ski Hunter,Jane Hickerson,2003 This book provides a nuanced understanding of the social political and interpersonal impact of sexual prejudice and gives guidance on working with clients in myriad practice settings The authors place current research from multiple disciplines in the context of social work practice offering guidelines for intervention at individual organizational community and macro levels **Journal of Education for Social Work** ,2002 **Clinical Social Work** Lambert Maguire,2002 Describes the underlying theory and

basic techniques of system based approaches to social work as well as psychodynamic behavioral and cognitive interventions Maguire University of Pittsburgh illustrates the methods through ample case studies in each chapter Topics include CWSE guidelines types of groups the six stages of family intervention Erikson s eight psychosocial stages defense mechanisms eight behavioral foci anxiety disorders and depression c Book News Inc

**Clinical Intervention with Families** Mark A. Mattaini,1999 This book offers a timely perspective on social work with families focusing on ecobehavioural strategies that encompass extrinsic family factors such as culture environmental exchanges and resources and issues of social justice and oppression Combining a unique integration of a culture sensitive conceptual model with proven best practices in family therapy Clinical Intervention with Families will help practitioners to conceptualise and implement the most effective intervention strategies for the common issues seen in social work with families

**Choice** ,2009

**The Encyclopedia of Social Work** Terry Mizrahi,Larry Davis,2008-04-24 This 20e contains 400 articles which represent a thoroughly updated and expanded look at the entire field of social work The 4 volumes cover all aspects of social work from practice interventions social environments social conditions and challenges to social policy and history Co published by OUP and the National Assoc of Social Workers USA

*Controversial Issues in Social Work Practice* Bruce A. Thyer,1997 Part of the popular Controversial Issues series this paperback text presents a series of debates on the most current issues and topics in the area of social work practice This book will help students and instructors at every level to think through issues that may arise in everyday practice such as whether social workers should support the use of hypnosis whether repressed memory therapy should be relied upon whether clinical social workers should be licensed and more The format stimulates discussion and critical thinking and will help students appreciate some of the complex clinical as well as ethical issues that arise in practice and will encourage them to think through these issues for themselves
