ASSIGNMENT QUESTIONS

1. Introduction paragraph

I understand the three dimensions: structural, technical and behavioral and understand the importance of each dimension to organizational success and impact.

2. Detail answer

The three dimensions are: structural, technical and behavioral. The structural dimension focuses on the organization's design and structure, the technical dimension focuses on the organization's processes and procedures, and the behavioral dimension focuses on the organization's culture and values. These three dimensions are interrelated and all contribute to the organization's success and impact. The structural dimension is the most visible and measurable, while the technical and behavioral dimensions are more difficult to measure and understand. However, all three dimensions are essential for the organization to succeed in a competitive market.
