The Power of Middle School Keen J. Babbage, 2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers *The Power of Middle School* addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students

Where Is My Happiness? Nikki Yang, 2010-04-19 Life is like an airplane that goes really fast We are only allowed to go forward we can never turn back Time makes us old and love make us sore There's a lot of happiness in our lives but there's also much sorrow That is life That is what makes life so wonderful happiness sometimes and sadness other times Some people might think sadness is not a wonderful thing to keep and that's true But if we only had happiness without any sadness our lives wouldn't be that fun anymore I know sadness feels really bad It hurts us a lot Some people even lose their life because of tears but everybody has to have some sadness throughout life We just hope sad times go away faster and happy moments last longer Remember always smile while facing any emotional issues It'll make life a lot better Accept the truth and always trust yourself
