Naughty Bits Revised:

The Holy Grail on Film Kevin J. Harty, 2015-02-28 This collection of new essays is the first to study film depictions of the quest for the Holy Grail the holy Christian relic of legend supposedly used by Jesus at the Last Supper Scholars from a range of disciplines discuss American Australian and European films that offer fresh perspectives on this enduring myth of the Arthurian world and Western culture including *The Silver Chalice* 1954 *Monty Python and the Holy Grail* 1975 *Excalibur* 1981 *The Road Warrior* 1981 *Indiana Jones and the Last Crusade* 1989 *The Fisher King* 1991 *The Da Vinci Code* 2006 *The Waterboy* 1998 and *Rosencrantz and Guildenstern Are Undead* 2009 *Something Completely Different* Jeffrey S. Miller, 2000-01-01 Between Emma Peel and tire Ministry of Silly Walks British television had a significant impact on American popular culture in the 1960s and 1970s In *Something Completely Different* Jeffrey Miller offers the first comprehensive study of British programming on American television discussing why the American networks imported such series as *The Avengers* and *Monty Python's Flying Circus* how American audiences received these uniquely British shows and how the shows success reshaped American television Miller's lively analysis covers three genres spy shows costume dramas and sketch comedies In addition to his close readings of the series themselves Miller considers the networks packaging of the programs for American viewers and the influences that led to their acceptance including the American television industry's search for new advertising revenue and the creation of PBS *New British Drama in 15 Scenes* Aleks Sierz, 2026-03-05 This is a wide ranging account of new writing in British theatre during the 2010s written in a boldly experimental style **Monty Python's Flying Circus** Marcia Landy, 2005-03-29 A comprehensive study examining the history content and context of the legendary comedy series *Monty Python's Flying Circus* One of the most innovative comedic programs to air on television *Monty Python's Flying Circus* was a mix of the carnivalesque and the critical The show has become famous for eschewing many of the conventions of situation comedy the fully formed and coherent script narrative closure predictable characters and the decorum associated with presentation Its curious transatlantic popularity defied the assumption that comedy is regional and exclusive and the show's cult status still lives on in the United States and United Kingdom through reruns videos DVDs and continual reappearances by the show's now iconic stars Most written accounts of *Monty Python's Flying Circus* focus solely on members of the Pythons histories of the sketches or the development of other *Monty Python* projects leaving a dearth of scholarly and contextual analysis on the television show itself Marcia Landy's book is one of the rare studies available examining the *Flying Circus* within the context of its time analyzing the show's influence on 1960s and 1970s British television as well as British cultural influence on the show's legendary material Landy explores not only why the series complex form of comedy was important but also why it was so well received citing the Pythons amalgam of comedic material the unruly treatment of sexuality the mockery of religion and class and the critique of the medium of television *The Flying Circus* parodied both the lowbrow and the highbrow throwing many previously untouchable topics into

the ring and here Landy deconstructs the impact of the show s risks and reception As informative as it is engaging and entertaining this book will appeal to film and media scholars popular culture enthusiasts and Monty Python fans alike
